

File No. 1/12014/1/2006-NCB.II

Sub: Report of the JMCI - Printing thereof - Regarding.

The report of the JMCI submitted on 8-11-2005 has to be got printed. Total copies required will be 783 in English and 358 in Hindi. But it will be better if some extra copies are printed, say 1000 copies in English and 500 copies in Hindi.

- 2. The undersigned had gone to the office of the RGI today (24-2-2006) and discussed the matter with Ms. Sumita Prashar, Joint Director. They have a panel of printers and Ms. Prashar has already talked to one of the paneled firms regarding this. The firm has agreed to do the job and time to be taken is about ten days.
- 3. She also advised that the main report might be got printed in 80 gms papers. However, for photos 110 gms papers and for cover 300 gms papers should be used. While the report will be in black and white, and cover in two colours, the photos will be in multi-colour. She also advised that with a view to avoiding any problem later on, as no objection from the Directorate of Printing for getting the report printed from private printer might be obtained. It is likely to take a lot of time if NOC is taken from the Directorate of Printing. It will be better if this process is dispensed with.
- 4. It is, therefore, proposed that
 - i) No communication need be sent to the Directorate of Printing for the NOC as lot of time is likely to be wasted in that process.
 - ii) RGI office may be requested to choose the printer from their approved panel to do the job at hand.
 - iii) RGI may be requested to place the indent on the firm and pay for the work and MHA will reimburse the cost later on.
 - iv) Detailed discussion with the Printer (to be chosen) regarding maintenance of secrecy including custody of printing plates, shredding of waste papers, close circuit TV to monitor the work, retention of the films of the TV

for certain time etc. may be made by the RGI on MHA's behalf.

V) JS(P) may be requested to arranging for posting of plain clothes policemen in the firm (to be chosen for the job) round-the-clock for about ten days to maintain security and secrecy.

It may be mentioned here that during the discussion, Ms. Prashar indicated that the total expenditure involved would be about Rs.3.75 lakh.

Accordingly, two d.o. letters from JS(S) - one to the RGI and the other to the JS(P) - have been prepared and are placed below for approval please.

- 2. FR is a letter dated 28-2-2006 received from the Ministry of Urban Development (Finance Division) regarding printing through private presses. It has been mentioned that the requirement of taking NOC from Directorate of Printing before resorting to printing through private presses has been dispensed with, with immediate effect.
- 3. On the basis of this letter, the d.o. letter to the RGI has been changed accordingly and placed below at DFA-I. The other d.o. letter to JS(P) is also placed below at DFA-II,

IFD have no objection, in principle, to the printing of 1000 copies in English and 500 copies in Hindi of the Report of the JMCI through RGI subject to the condition that all codal formalities will be followed as prescribed in GFRs 2005. 3. It is indicated on file that the total approximate expenditure on the printing is likely to be in the range of Rs.3.75 lakh. In terms of provisions of GFR, even limited tenders can be resorted to for work that involves an expenditure less than Rs.25 lakh. It is presumed that the RGI would have followed the formal 4. codal formalities before assigning the work to any individual printer.

5. The file may be sent for specific expenditure sanction once the above procedure is adopted, in due course.

Sub: Printing of Justice Mukherjee Commission of Inquiry's (JMCI) Report along with the 'Action Taken Report' (ATR) thereon for tabling the same before the Parliament.

It has been decided that the 'Report' submitted by the Justice Mukherjee Commission of Inquiry (JMCI) to the Government may be duly processed and the 'Action Taken Report' (ATR) thereon may be prepared and further action to table the said 'Report' along with the ATR before the Parliament may be taken at the earliest, preferably by 10.5.2006.

- 2. The 'Report' along with its Annexures, etc., is quite voluminous (running into about 700 pages including the main report, Annexures and Status Report in two volumes) and some annexures, etc., of the said Report are already the photocopies of some documents collected by the JMCI which are not in good shape i.e. they contain a lot of black spots and are not quite legible. In case, it is opted to get the report and its annexures, etc., photocopied 'inhouse' through "Resograph", the quality of the material, particularly from the legibility angle, will not be good. Further, there are about 7-8 pages in the said 'Report/Annexures' which contain coloured copies. It is felt that those pages should appear in the copied/printed report as they are. In case, the in-house copying, etc., is done, the coloured photocopies, etc., will appear only in black and white.
- 3. If the job in question is entrusted to some Printing Presses, the quality of the printing is likely to be better to the extent that the black spots appearing on some already photocopied material as stated in para-2 above can be eliminated and the quality of legibility can be enhanced to an acceptable level.
- 4. Keeping in view the above points, a meeting was taken by JS (S) wherein OSD (Security), Jt. Director (Printing), Office of RGI, US (Arms), Inspector (Printing), Office of RGI and the undersigned were present. The Joint Director (Printing) explained to JS (S) that they had quite a number of Printers on their panel in consultation with

the Directorate of Printing and the presses on the panel of RGI had offered their rates for various types of printing job which were either at par with or lower than the rates fixed by the Directorate of Printing. Keeping in view their experience/expertise, there was a consensus that the Office of RGI will work as a facilitator. The team constituted by JS (S) had visited some printing presses in Okhla Industrial Area, New Delhi. A team consisting of OSD (Security) in this Ministry, Joint Director (Printing), Office of RGI; Inspector (Printing), Office of RGI, US (Coastal Security) and the undersigned had inspected some Printing Presses which are already on the panel of the Office of RGI, who in turn had obtained the names etc., of various Printing Presses for their own printing job from the Office of the Director (Printing) under the Ministry of Urban Development.

- 5. The details of the presses visited by the team along with their suitability etc., for the execution of the job in question is discussed in the succeeding paragraphs.
- 6. RGI officers took the team to the following Printing Presses:-
 - (a) S. Narayan & Sons B-88, Okhla Indl. Area, Phas-II, New Delhi-20.
 - (b) Aravali Printers & Publication (P) Ltd., W-30, Okhla Industrial Area, Phase-II, New Delhi-20.
 - (c) Gita Offset Printers,
 C-90, Okhla Industrial Area, Phase-I,
 New Delhi-20.
- 7. The Printing Press at Sr. No.(a) above was inspected first of all. This appeared to be the most modern of the three presses inspected by the team where the work at every stage is done automatically. Making security arrangements here will be quite feasible as they have all facilities under one roof. They were also willing to provide suitable accommodation to the Security personnel who could be deployed there.
- 8. M/s Aravali Printers & Publication (P) Ltd., was the next to be visited by the team also appeared to be okay but informally the RGI officers were not very sure of the commitment given by this Press to

p.3-9/cm.

p. 3] car.

the effect that the job in question can be executed by them even in 24 hours, if so required. Further, they have their units in two separate buildings and making security arrangements there may be a little cumbersome, although they claimed that they had already printed 'Top Secret Material' regarding "Kelker Committee Report" and some portion of "General Budget-2006".

- 9. The 3rd press, Gita Offset Printers inspected by the team, is also quite okay. They have a very compact office, all under one roof and making security arrangements etc., there will be quite easy. Moreover, the most salient feature of this Printing Press is that owner has a CCTV at his table from where he can keep an eye on each and every worker connected with the printing job of Secret nature.
- 10. In view of the foregoing, it is felt that the entire job of printing the JMCI report and the 'ATR' thereon may be entrusted to M/s Gita Offset Printers. After this has been approved, the press selected will be asked to execute the job as per the schedule given by us. The letter incorporating details of terms and conditions, etc. (including penalty clause for not executing the job in time) will be sent to them. This letter may be drafted in consultation with the officials of the RGI's office.
- 11. As regards the expenditure involved in the matter (to be estimated as realistically as possible) the same could be worked out after the Printing Press has been decided. For that purpose, their officials may be called to see the material to be printed and work out the cost factor in consultation with the Inspector (Printing) of the RGI Office so that a concrete proposal may be referred to FA (Home) for his final concurrence as they have already given in principal approval to the proposal.

Reference notes from page 6/N.

It seems the Third form i.e. Ms Gita offset thinters will suit the purpose as their infrastructure appears to be okay. But the ATR neal not be printed through them (as suggested in pare 10 atome). ATR will he to small to require an ordside printer. It can be done in house easily. It is,

The proposal on this file relates to the printing of JMCI Report for tabling the same before the Parliament. The proposal was earlier concurred in by AS & FA (H), in principle, vide note at page 4-5/N subject to the condition that all codal formalities will be followed as prescribed in GFR- 2005. The approximate expenditure involved on the printing is likely to be in the range of 3.57 lakh.

- 2. In this connection, the Note of Security Division on page 6-9/N may kindly be perused. It has been stated by them that a team consisting of OSD (Security) in this Ministry, Joint Director (Printing) Office of RGI, Inspector (Printing), Office of RGI and Under Secretary (Coastal Security) had inspected three Printing Presses which are already on the panel of Office of RGI as mentioned in para 6 at page 7/N.
- 3. The Team/Security Division have recommended that the job of printing the JMCI Report may be entrusted to M/s Gita Offset Printers who have a compact office and the main salient feature is that owner has a CCTV at his table from where he can keep an eye on each and every worker connected with the printing job of secret nature. In so far as expenditure involved in the matter, it has been stated by Security Division that the same would be worked out after the printing press has been decided.
- 5. In view of above position, IFD have no objection to entrust the job of printing of JMCI Report through M/s Gita Offset Printers subject to the condition that final concurrence of IFD will be obtained on the actual expenditure involved in this regard.

The report of the JMCI (Volumes I, IIA and IIB) has been handed over to M/s Gita Offset Printers on 27-3-2006 for printing. As directed, the photocopy taken from the scanned copy of the report has been handed over.

- 2. In the photocopy, the photos (seven in number) are in black and white. As the photos are to be printed in colour, the original report is also to be made available to the Printer. This may please be approved.
- 3. There are 14 pages in the report (Volume I) from 225 to 238 which are in Japanese. This has been translated into English and Hindi. It has been decided that the English translation will be appended at the end of the copies of the report in English and the Hindi version will be appended at the end of the copies of the report in Hindi. In the 'CONTENTS' of the report, this is to be indicated. It is proposed that at the end of the 'CONTENTS' this may be indicated in the following manner, as discussed in the meeting with As(en) was true there.

M/s Gita Offset Printers have delivered one sample copy each of Volumes I, IIA and IIB of the report (English) of JMCI. The same are placed below. Although the printing appears to be in order, but there are two points which require mention. Firstly, the "Contents" in val. 1 has been printed on the left side behind the first page. Normally it is printed on the right side. Of Course, printing it on the right side will mean two blank pages. Secondly, page No. 261 has not come in the printing. Decision on these two points may kindly be taken.

- 2. As decided, after printing of the English version of the report is ready, the firm will take the Hindi version. So, the Hindi version may be handed over for printing. Accordingly, a letter is placed below for approval please.
- 3. A car was provided by the Admn. Division for JMCI work upto 2nd April, 2006. As the work is likely to continue till 9-4-2006, Admn. Division is to be requested to provide the same car till that date. A note for the Admn. Division is placed below for approval please.
- 4. Admn. Division also issued an order deputing some members of staff from 27-3-2006 to 4-4-2006 (two for each day) for duty at the Press. Sugoswar 5/4/56 M/s Gita Offset Printers have delivered the sample copy of Hindi version of the report of the JMCI (three volumes). The volumes have been checked. While Volumes IIA and IIB appear okay, there are some mistakes in page numbering in Volume I which are indicated below —

- i) Page No. 128 has not been promted and Page No. 135 has been printed twice.
- ii) Page Nos. 243 and 252 have not been printed.
- 2. It is proposed that the Printers may be directed to do the necessary corrections and complete the binding. They will start the binding work only after getting the approval from the Ministry. The copies are placed below for perusal please.
- 3. The English version of the report is ready in all respects. They have been packed in 300 bundles.
- 4. The copies are likely to be delivered on 12-4-2006. There will be 450 bundles and the total weight will be about 3 tons. It is, therefore, proposed that the following action may be taken
 - i) A note may be sent to Shri V.K. Gupta, US, for making necessary arrangements for keeping the records in the Secret Record Room of the MHA in North Block.
 - ii) A note may be sent to DS (A&V) for providing the Tempo of MHA for bringing the reports from the Printers' factory to North Block and also for making available six labours to unload the bundles from the Tempo and keeping them in the Secret Record Room of North Block.

The printed copies of the report of JMCI (both English and Hindi) have been delivered on 12-4-2006 by M/s Gita Offset Printers. There are 400 bundles - 250 for 1000 copies in English and 150 for 500 copies in Hindi. The films, sample copies and other extra copies have also been brought in sacks and packets. The plates have been deleted by the Printers with caustic acid. All these materials have been kept in the Secret Record Room of MHA in North Block on 12-4-2006 itself. It is understood from Shri V.K. Gupta, US, that as per procedure, no receipt for keeping the materials in the Secret Record Room is given. It is also pertinent to mention here that the reports have been kept in steel racks and also on floors.

In a meeting taken on 17-4-2006 on JMCI, HM desired that absolute secrecy should be maintained. In view of the fact that the reports are kept in open racks and on floors, it may not be safe from the secrecy point of view. It will be better if the reports are kept under lock and key. This is so proposed because HM has specifically desired that absolute secrecy should be maintained.

Reference noting of the Under Secretary, Security Division on pre page.

- 2. As per their note, the reports pertaining to the Mukherjee Commission have been kept in open racks and on the floors in the Secret Record Room. Before any reaction of the Coordination Division is recorded, the following facts are brought to your kind notice:
 - The copies of the Mukherjee Commission report, in about 400 bundles as stated, were brought to the Secret Record Room by Shri S. K. Goswami, Under Secretary, Security Division at about 2100 hours on 12th April, 2006.
 - ii) Shri Goswami, it is reported, himself made arrangement for placing the copies on the racks and the remaining on the floor in his presence as there was no space on the racks.
 - iii) That these were to be kept in almirah or boxes under the lock and key, was not brought to our notice.
 - iv) When insisted on giving the correct number of copies being handed over to the Secret Record Room, Shri Goswami, who himself was not aware of such number, refused to count saying that this was not his job.
- 3. It is submitted that the receipt for the copies being received could be given only when the concerned Division (Security Division) is in a position to intimate the exact number thereof, these being secret in nature. As per the procedure, the secret documents are accepted by the Secret Record Room, the handing over Division should properly count the number of copies in the presence of the officials of the SRR, which was not done in this case in spite the request being made to Shri Goswami. It is felt that Shri Goswami should have brought this issue to the notice of the senior officers.
- 4. It may be further submitted that the documents which are kept in the Secret Record Room are of secret nature only as the Room is meant for safeguarding those records only. No body is permitted to take out any such document from SRR without following the proper procedure.
- 5. Security Division is therefore, requested to send a responsible officer for counting the number of copies being handed over before these are acknowledged by the SRR after cross checking the number.

- 2. The facts mentioned in para 2 of the note are not correct. The correct facts are given below –
- 2.1 Regarding 2(i), it is mentioned that the undersigned reached Zalebi Chowk of North Block with the records at about 6-40 PM on 12-4-2006 and the process of carrying them from the Tempo to SRR was complete by about 8-35 PM. It is not correct to say that the undersigned brought the records to the SRR at about 2100 hours on 12-4-2006.
- 2.2 Regarding 2(ii), it is mentioned that Shri Dinesh Prasad, incharge of SRR, who was very cooperative all along, already earmarked two open racks. But two racks were not enough and more racks were shown by him and the labourers kept the bundles there and the undersigned also helped the labourers in this respect so as to quicken the process. When the racks were full and no other vacant rack was available in the vicinity, the records were stacked at two places on the floor and this was also suggested by the in-charge and accepted by the undersigned. It is, therefore, not correct that the undersigned made the arrangements himself.
- 2.3 Regarding 2(iii), it is stated that the undersigned was not aware about the system and, therefore, no specific mention about keeping the records under lock and key was indicated. As it was a Secret Record Room, it was thought that there would be locking arrangements. The undersigned was also told that records are kept like that and that there would be no problem.
- 2.4 Regarding 2(iv), it is stated that the undersigned had taken the records from the Printing Press to the SRR and the bundles were loaded in the Tempo at the Printing Press after counting and after arranging the same in the SRR also, they were counted and found to be correct. It is, therefore, not understood as how it has been alleged that "who himself was not aware of such number". Also, there was no refusal regarding counting. Actually no such occasion arose. The cooperation from the SRR staff was total, there was no ill-feeling/ill-temper from either side and everybody was keen to complete the work. In fact, the remarks in this sub-para are unfortunate inasmuch

as these are tantamount to insinuating that the undersigned is working blindly and irresponsibly. This could be avoided.

- 3. As regards procedure, US (Coord.II) informed the undersigned that, as per procedure, no receipt could be granted and the undersigned accepted that contention without any murmur. When there is a procedure, that should be followed by all. That a receipt can be given only after the documents are counted, as stated by US (Coord.II) in his note dated 18-4-2006, was not stated earlier.
- 4. The note on page 1 does not allege anything, nor does it contain any complaint against anybody. It was recorded in the backdrop of the concern expressed by HS regarding secrecy. As HS desired specifically that secrecy should be maintained, certain flaws/lacunae (like open rack, absence of locking arrangement, records kept on floor etc.), which the undersigned thought fit to put on record, were brought to the notice of the superiors. The note recorded by the undersigned can, by no stretch of imagination, be construed as complaint in nature, nor was it the intention to put blame on anybody or question the system/procedure. It is reiterated that there was no occasion or opportunity to do that. On the contrary, the procedure as explained by US (Coord.II) was accepted without raising any objection.
- 5. In view of what has been stated in para 4 of the note of the US (Coord.II), it is felt that the records may continue to be kept there as further shifting might cause damage to the same. Already, the outer brown paper covers of a few bundles are torn off because of rough handling by the labourers.
- 6. While writing this note, a telephone call has come from Shri Dinesh Prasad, in-charge of SSR, intimating that they want to keep the records under lock and key and for that they want somebody from this Division to supervise the shifting. It is proposed that Shri Ramesh Chand, SO, (Cdn.II) Section, may be sent for the purpose.

SECRET MOST IMMEDIATE

B. Bhamathi, Joint Secretary (Security)

X

Dated: 27 - 2 - 2006.

Dear Shor Rayer mem

Government of India had set up Justice Mukherjee Commission of Inquiry for enquiring into the alleged disappearance of Netaji Subhas Chandra Bose in May, 1999. The Commission has since submitted its report. The report is in three volumes and consists of about 700 pages. The report is to be placed in the ongoing Budget Session of Parliament.

For this purpose, we require about 1500 printed copies of each of these volumes (1000 each in English and 500 each in Hindi). There are some coloured photos in the report which are required to be printed in coloured only. While the report is to be printed in 80 gsm paper, the photos will be in 110 gsm paper and the cover in 300 gsm paper. As there is urgency, we will require the printed copies within ten days.

I shall be grateful if you could kindly let us know immediately whether the Government of India Press will be able to print the copies within ten days. If, however, it is not possible to do so, kindly issue NOC so that we could get the copies printed through private printers.

Yours sincerely,

(B. Bhamathi)

To

Secretaries of all the Ministries/Departments of Govt. of India.

Delegation of Authority from 'Nodal' Ministries to 'Functional' Ministries the proposal to dispense with the requirement of obtaining 'No Objection Certificate' from Directorate of Printing before resorting to printing through private presses.

Sir,

I am directed to convey the decision of the Ministry of Urban Development on the above subject, as under -

- 1. The requirement for the Ministries/Departments/Offices of Govt. of India of obtaining 'No Objection Certificate' (NOC) from Directorate of Printing before resorting to printing through private presses, is dispensed with, with immediate effect
- 2. For the next three years i.e. upto 31.12.2008, the Directorate of Printing should be given PURCHASE PREFERENCE by the Ministries/Departments/offices of Govt. of India, and thereafter, the Govt. of India Printing Presses would compete with the private printing presses in the open market.

Yours faithfully.

New Delhi-11004:

Sub: Schedule of Rates for private printing effective from 21.10.2000.

Sir.

The schedule of rates for printing by private presses effective from 1.4.1977 were revised in the year 1986 (with effect from 1.1.1986) by adding 80% over and above the rates effective from 1.4.1977.

After 1986, the schedule of rates for printing have not been revised, while the revision was under consideration for quite some time. Now, the same have been revised tramed and approved by the Minister of Urban Development and Poverty Alleviation. These approved rates of letter press printing operations as well as offset printing which have become effective with effect from 21.10.2000 are notified as under:-

A. LETTER PRESS

Add 80% to the rates of 1977 (Annexure I) in respect of all the operations of letter press printing to arrive at the rates as on 1986. Thereafter, add 270% to these to arrive at the rates to be effective from 21.10.2000.

B. <u>OFFSET PRINTING</u>

For all the operations of offset printing, the rates have been framed afresh and are as contained in Annexure II. These may be adopted with effect from 21.10.2000.

These rates may serve as a guide and index to market rates.

JUSTICE MUKHERJEE COMMISSION OF INQUIRY

(ALLEGED DISAPPEARANCE OF NETAJI SUBHAS CHANDRA BOSE)

REPORT

(Vol. I)

8th November 2005

Tour note on visit to CCMB, Hyderabad

I met Dr Lalji Singh, Director, CCMB in connection with the JMCI report and specifically to ascertain, if a DNA test on the remains preserved in Japan could conclusively establish the identity of Netaji, now that CCMB has a full fledged Ancient DNA test facility available.

I had carried the pictures of the remains taken by JMCI. On perusing the pictures, Dr Singh opined that that the pictures indicate that the bones have been subjected to high temperatures and are badly charred/burnt. CCMB's past experience in isolating DNA in such cases have been unsuccessful. Hence the possibility of isolating DNA in this case would be less than one percent. Also since the bones have not been preserved, the possibility of isolating DNA is further weakened.

If CCMB gets access to the remains for DNA test, then the following will need to be considered -:

- Less charred bones of the required size and quantity (substantial) will have to be selected from the remains
- Since the DNA test is a destructive process, the remains parted with would be irretrievably lost
- Ensure reference blood samples from descendants of maternal lineage

Dr. Lalji Singh Director

No. DCCMB/LS November 3, 2004

Shri Justice M K Mukherjee The Hon'ble Chairman Justice Mukheriee Commission of Inquiry Kolkata 700 087

Dear Shri Mukherjee,

Shri P K Sengupta, Secretary, Justice Mukherjee Commission of Inquiry for inquiry into the alleged disappearance of Netaji Subhas Chandra Bose came to CCMB, Hyderabad on 2nd November 2004 at 10:00 pm. He came to the laboratory on 3rd November at 10:30 am and a meeting was held with the Director, CCMB, Dr Lalji Singh and the Scientist-in-charge of the Ancient DNA Facility, Dr K Thangaraj.

The photographs of the ashes supposed to be that of Netaji Subhas Chandra Bose were carefully looked at. From the photographs, it appears that the bones are completely burnt leaving very little hope for the survival of DNA. However, on the examination of plates 4 and 6, it appears that there may be some portions of teeth and jaw bones relatively less charred compared to the other bones. Attempts could be made to bring those pieces of bones, which are relatively less charred to isolate DNA and to establish the identity of the deceased.

The Ancient DNA Facility at CCMB, which has been set-up with the funding support of the Department of Biotechnology (DBT) and Council of Scientific and Industrial Research (CSIR) is fully functional. It is advisable that a scientist, specifically molecular biologist, could be requested to sort out the potentially less charred pieces of bones from a place of its storage in Japan to bring it to India. These selected pieces could be sealed in a plastic bag and brought to India at room temperature. It is not required to store the pieces of bones in ice or dry ice container. We are retaining the photographs brought by Shri Sengupta for our records.

With kind regards,

Yours sincerely,

[Lalji Singh]

Dear Sir,

Please forgive me for responding late to your letter received earlier. I wish to express my view as follows:

On December 9, 2001, PM Vajpayee visited the Renkoji Temple. He visited the temple twice including the occasion when he was the Foreign Minister to pay homage to the remains of H.E. Mr. Subas Chandra Bose, the leader of India's independence movement, which had been kept at the temple. After the Prime Minister's visit, I heard that investigation on the remains would be conducted again.

A delegation led by Mr. Mukerji visited the Renkoji Temple on September 17, 2002. On that occasion, the persons concerned including myself and Messrs. Masao Hayashi and Shigemoto Okuda of the Chandra Bose Academy gathered. They offered thorough explanations about the circumstances surrounding the death of H.E. Mr. Chandra Bose. I have no doubts about the authenticity of the factual explanations offered by individuals directly related to the temple. The possibility of conducting a DNA test was not discussed at that time.

In October, Messrs. Rajasekhar and Armstrong visited the temple. They said they would open the casket for investigation as directed by Mr. Mukherji. I opened it as I thought I should cooperate with them. They took pictures of the scene. I requested them to give me a proof showing that I did not open the casket by myself but only when I was so asked. Both officers, Messrs Rajasekhar and Armstrong put in the casket a piece of paper on which they wrote about it. After that I heard that pictures taken at that time had appeared in a local newspaper in India. I was astonished and shocked.

Colonel H. Raman, Mrs. Sahay, Mr. Iyer and officials of the concerned Japanese authorities concerned brought the remains with the request we kept them. (Please refer to an attached copy of a paper about the details of the handover of the remains in 1945) At that time, after the defeat in the war, Japan was under occupation of the US and the UK. In the midst of severity of circumstances surrounding the Japanese

society, my father agreed to safeguard the remains under his care in the conviction that there is no border for remains. He was requested by official of the Indian Representative Office to remain silent concerning this matter for some time. Therefore I believe without doubt that these are the remains of H.E. Mr. Chandra Bose. At that time, the then Indian Representative Office and the Ministry of Foreign Affairs of Japan had requested my father to keep the remains and give considerable care to them because they were the remains of a very important person of India. Therefore, my father always had given conscientious care to the remains of the Indian dignitary in a bid to avoid any accident. Someone told my father to give up the remains. I heard that my father took the remains in his bed during that night. He made such arrangements more than once.

When Mr. A. Seth was the Ambassador, I was told that a DNA test could be conducted and I had agonized over it so much. When he was still alive, my father used to say that the remains must be returned to India. I decided to extend my cooperation in the hope that if I agree to conduct the DNA test, it would pave the way for the return of the remains to India, as my father wished for it. In a meeting with the Ambassador, H.E. Mr. Tripathi, last year, I told him that I consent to the proposal.

Needless to say, I hope that the remains must be treated with respect and dignity when a research is conducted. I think we should offer prayers showing due respect when the remains are pulled out for the DNA test.

As to giving explanations to the followers of the Renkoji Temple, that task maybe left to me. As for the Chandra Bose Academy, however, I am in no position to answer for them.

When I met H.E. Mr. Tripathi at the Embassy on April 9, 2004, he asked me whether I had any request to make of him. I requested him to make some arrangement to allow me to bury some of the remains here. After considering further on the matter, I wish to make a new request. I hope that the names of my father and myself would be engraved below a statue of H.E. Mr. Chandra Bose in India as we have been entrusted for

safeguarding the remains for a period of 60 years. If I were allowed to bury some of the remains, I shall continue to pray for the repose of souls of Mr. Bose.

This is my response to Secretary Srinivas.

Sincerely Yours.

Nichiko Mochizuki Chief Priest of the Renkoji Temple (25-3-2005)

Mr. Srinivas Officer The Indian Embassy

Regarding the remains of Mr. Netaji Subas Chandra Bose

Kyoei Mochizuki Chief Priest of the Renkoji Temple 2-130, Koenji, Suginami-ku Tokyo.

Rev. Kakigawa, a priest with a special duty of the Horinouchi Myohoji temple, visited the Renkoji temple at 8 o'clock in the morning of 18 September 1945. He came for a secret consultation about the funeral for Mr. Subhas Chandra Bose, the Supreme Commander of the Indian National Army who was killed in an air crash at the airport in Taipei on August 18 of the same year. Rev. Kakigawa said that Rev. Nisho Hori, the chief priest of the Myohoji temple, was requested to perform the funeral but that he declined the offer because he felt not upto it due to his old age; other temples had also refused to accede to the request, citing various reasons; and he was told by others that the Chief Priest of the Renkoji temple could accommodate the request. Upon hearing the request, I agreed to it promptly as I believed there was no border for souls and it is a vocation for a Buddhist priest to pray for the repose of souls of the dead. Consequently, about 100 people gathered at 8 o'clock in the evening of September 18. Among those who were present were: Mr. M. Rama Murthy, an Indian who lived in Tokyo, Mrs. Sahay, Mr. Iyer, Mr. Kimura, 50 or 60 bodyguards of Mr. Bose, a Japanese man in plain clothes who appeared to be an officer attached to the General Staff, Indians and Japanese. I receive the remains from the officer attached to the General Staff and Mr. Murthy, placed them at the center of the Buddhist altar, and held the ceremony with 6 other Buddhist priests. After the end of the ceremony, Mr. Murthy requested me to keep the remains. I did not create any document acknowledging the acceptance to safeguard the remains because I thought it was a temporary arrangement. As things turned out, I continued to keep the remains secretly. Since then, several Indians used to make secret visits to the temple to pray for the repose of Mr. Bose's soul every month on 18th, the day when he passed away. However, it had become clear that the Indians residing in Japan who belonged to the Indian National Army would be repatriated to India on November 19 as war criminals prosecuted by the UK. I heard that they had taken important posts of

the Indian Army following round the clock discussions at the court martial. Taking into consideration the circumstances surrounding the Japanese society at that time and Japan's relations with the occupation force, it is natural that the Indians concerned were extremely cautious about the safeguard of the remains. I made up my mind to risk my life for the task of keeping the remains because it was not easy to safeguard such remains for a long time. Few people visited the temple after the Indians concerned left Japan for their country. Based on my religious belief, I have been devoting myself to the safeguard of the remains and to offer Buddhist services for the repose of the soul of Mr. Bose in a bid to meet expectations of the Indians concerned who told me, at the time of their departure for home, that they had absolute confidence in me.

Around the time when the San Francisco Peace Conference was held in 1950, some newspapers had begun reporting stories about Mr. Bose. Accompanied by the Director of the Protocol Division, the Ministry of Foreign Affairs, Mr. Chetor, of the Representative Office of India in Japan, visited the temple on May 21, 1950. Mr. Iyer, then the Bombay Information attaché, came in May and June of the same year for He returned home after completing his fact finding mission. On May 28th of the same year, Mr. Tamura, the Director of Protocol Division of the Ministry of Foreign Affairs, and Mr. Toravelu, the First Secretary of Indian Embassy, came suddenly for extending an invitation to me and took me to a dinner hosted by CDA Chetor of India. However, Mr. Chetor was not able to attend the dinner due to an official engagement. Mr. Tamura said "You have done a good deed for Japan. However, your deed could have serious effects on the relations between Japan and India. It depends on your future deeds." First Secretary Toravelu showed highest respect and deep appreciation to me for my dedication for the safeguard of the remains of Mr. Bose at the risk of my life.

Prior to Mr. Iyer's return to home in July of the same year, Ambassador Chetor visited the temple again. Shortly after that, Mr. Rawal was posted to Japan as the Ambassador and visited the temple thrice. In each time of the visits, he expressed his gratitude to me and asked me to continue looking after the remains. At the end of February 1953 at the

invitation of the Indian Embassy I visited the Embassy for a meeting with Ambassador Rawal. On that occasion, I expressed my view and offered detailed explanation of the development of the case about the remains of Mr Bose from the beginning as was required under the Indian embassy's documents. The Embassy made a record of all the discussions at the meeting. On that occasion, the Ambassador said "I head that some are trying to make use of the remains of Mr. Bose for the benefit of their own, which disturbs me. It stands to reason that you hold Buddhist services for the repose of his soul. Under the policy, we turn down all proposals from anyone who is trying to make use of the matter for his own profit. I would like to advise you not to get involved in any dirty conspiracy from outside."

As there were various complicated problems around the issue about keeping the remains, I asked him how I should deal with the remains of Mr. Bose. Then, on January 12, 1954, on behalf of the Indian Ambassador, a person visited to me secretly. He showed me a reply letter from PM Nehru and read the words by himself. He told me that in the names of the President of India and PM Nehru, they expressed the highest gratitude to me for my effort to hold the funeral for Mr. Bose and keep his remains. As for a matter of handling the remains, I was told and asked to say prayers for the repose of Mr. Bose's soul and keep the remains for the time being as they could entrust it to nobody in Japan for safeguarding except me, attaching faith in my sincerity. I was asked to tell nothing about the matter to newspaper reporters and others. The above mentioned letter contained a word as to material assistance to me. I had not requested for any assistance. As I only felt the necessity of setting up a shrine which is appropriate for placing the remains of Mr. Bose in it, I told him so. Then, the person acting as Ambassador's proxy promised me to convey it to PM Nehru.

On August 18, 1955, First Secretary Dau of the Indian Embassy visited the temple. After placing a flower wreath from the Ambassador, we held a Buddhist memorial service in commemoration of the 10th anniversary of the death of Mr. Chandra Bose. Mr. Bose had passed away on August 18. On September 18 of the same year, a memorial service sponsored by myself and all the supporters of my temple was held to

commemorate the 10th anniversary of the death of Mr. Bose. About 200 people attended the service including the Foreign Minister (Aoi Shigemitsu), the Indo-Japan Association, the Asian Association and ex-Japanese military men, together with journalists and citizens. It was a successful service. The Indian Government sent a telegram saying, "On the occasion of the 10th anniversary of the death of Mr. Bose, we wish to pray for the repose of his soul and think about his greatness. We wish to express a profound gratitude to Rev. Mochizuki, the Chief Priest of the Renkoji Temple, for his favor."

On May 30, 1956 at the Indian Embassy, I had a meeting with Messrs Nawazukan (Railway Councilor) Suresh¹ Bose (elder blood brother of Chandra Bose) and Maitra Nawazukan² (Commissioner) of a delegation led by Mr. Nawazukan, which was dispatched by the Indian government to investigate the cause of the death of Chandra Bose. Consequently, the above mentioned three voiced their conviction that that remains kept at the Renkoji Temple must be the remains of Mr. Bose. I accompanied them to the Renkoji Temple immediately. They saw the remains. Upon seeing the remains, Mr. Suresh Bose, an elder blood brother, was not able to stand there. He just broke down and cried. He held my hands and expressed his gratitude to me many times.

On June 4 of the same year, a reception sponsored by the Ministry Foreign Affairs was held for the delegation at the Industrial Club of Japan in Marunouchi. On that occasion, a film depicting a brave figure of Mr. Bose before his death was shown. It was kept by the Ministry of Foreign Affairs and given to the delegation. At the reception, Mr. Suresh Bose shook hands with me five times again. In each time, he held my shoulders. Tears of gratitude were streaming down his face.

On October 12 of the same year, a paper about a "matter with regard to a report by an investigation committee on the cause of the death of Chandra Bose" came. It was addressed to me from the Director, the 4th Division, the Asian Bureau, the Ministry of Foreign Affairs. According to

the paper, on September 11 at Indian Parliament, PM Nehru delivered a speech on the report by the mission investigating into the cause of the death of Mr. Chandra Bose; acknowledged that the remains kept at the Renkoji Temple are those of Mr. Chandra Bose; and recognized the necessity for erection of a monument in his memory at an appropriate place by bringing back the remains to India in the future. He said, "I (PM Nehru) express my deep gratitude to the chief priest of the Renkoji Temple, who has been dedicated to safeguarding the remains with great respect for a long period of time.

I heard that the Indian Government did not immediately fulfill a plan to return the remains to the country because, Mr Suresh³ Bose, an elder brother of Mr Chandra Bose, after the return of the delegation refused to acknowledge the death of Mr Bose due to influence of his close relations. And, especially as 80 million people in the Bengal State still believe blindly that Mr. Bose is alive, the Indian Government is reported to take into consideration its impact on the matter.

In accordance with Buddhist rite, the 13th anniversary of the death of Mr. Bose was to be observed. As such, on June 25 I visited the Ministry of Foreign Affairs and the Indian Embassy for making a three-point proposal in writing. I wish to hold a memorial service to commemorate the 13th anniversary of the death of Mr. Bose on coming August 18, the date of his death. I hope that PM Nehru will visit the Renkoji Temple to pay his respect at the remains when he visits Japan. I asked about the Indian government's intention of dealing with the remains. I had advanced the same suggestions in writing to PM Nehru. Government and the Ministry of Foreign Affairs replied quite positively and sincerely, promising to provide a variety of assistance to me. The Indian Embassy and the Ministry of Foreign Affairs have given me concrete instruction as to the matter of sending invitation cards. Ministry of Foreign Affairs informed me that PM Nehru will visit the temple as a part of an official program during his visit to Japan in this The Director of the Information Bureau of the Indian autumn. Embassy has given us a part of a report compiled by the Indian

Government (with 6 to 7 photographs of the Renkoji Temple and myself) based on the report by the Indian Government's investigation mission.

The Buddhist memorial service in commemoration of the 13th anniversary of the death of Mr. Bose scheduled for this summer is an important function. I wish to hold it with solemnity with support and cooperation to be given by the authorities concerned and good wishers at a time when an official investigation by the Indian government was complete.
